

## Public Notice

### Antidegradation Alternatives Analysis for Beyonder Getaway at Sleepy Hollow Campground, Oxford, Iowa

Notice Date: March 30, 2023

Notice is hereby given that Beyonder Getaway at Sleepy Hollow Campground of Oxford, Iowa has completed a draft antidegradation alternatives analysis for discharge of treated wastewater to an unnamed creek tributary to Old Mans Creek and then the Iowa River. The action being considered is the construction of an extended aeration activated sludge wastewater treatment facility to replace the Campground's existing lagoon facility. The unnamed creek is an intermittent watercourse that typically flows only for short periods of time following precipitation so it is Type G, General Use water quality designation.

Anyone wishing to comment on the proposed treatment alternative must do so via email within 30 days of the date shown at the top of this notice. Comments may be submitted to the campground by hand delivery, or email: Beyonder Getaway at Sleepy Hollow Campground, 3340 Black Hawk Avenue NW, Oxford, IA 52322, or use the following email address for comments [dmccallops@envdesigngroup.com](mailto:dmccallops@envdesigngroup.com).

Copies of this notice, the draft antidegradation alternatives analysis and supporting information are on file and available for public inspection from 8:00 AM to 4:30 PM Monday through Friday at the above address. Copies of this information may be requested by contacting Mr. Dave McCallops at 330-375-1390 or the above email address. Environmental Design Group on behalf of the Campground will submit a summary of comments received and the Campground's responses to the Iowa Department of Natural Resources with the final alternatives analysis subject to IDNR review and approval.
